# QUALITY PRINTING SERVICES

## STICKERS

- Printing vinyl stickers with photographic quality and a wide variety of sizes and shapes.

## DIGITAL PRINTING

- Digital printing involves printing paper, with photographic quality. This technique is widely used for labels or pins.

## EMBROIDERY

- The embroidery allows you to customise various types of fabric with great quality and perfection, many colors and distinctive designs.

## SCREEN PRINTING

- Silk-screening printing is a process of printing on a smooth surface that allows great image definition, even in various colors, with reliable and lasting results.

## HOT STAMPING

- The stamp consists of reproducing designs through a hot press on leather products or imitation leather, ensuring an elegant and quality result. Gold Folling, Silver Folling or Blind Embossing

## LASER

- Laser engraving involves the use of a modulated laser beam, providing a precise, durable and elegant finish.

## DOMING

- Doming consists of applying a layer of resin (epoxy) on printed paper, thus creating a 3D effect with a bright, resistant and long-lasting appearance.

## DIRECT TO GARMENT

- Textile direct printing is a full colour digital printing technique for textiles, ideal for small quantities.

## CIRCULAR UV (360)

- Circular UV is identical to the UV process, but optimized for 360° printing.

## TRANSFER

- Transfer is a technique that allows you to transfer a multicolor image from paper to fabric producing very uniform results.

## ROTARY SCREEN PRINTING

- Circular silk-screen printing is identical to the silk-screen printing process optimized for 360° printing.

## DIGITAL TRANSFER

- Optimised transfer process for digital printing of small quantities, without color limits.

## TEXTILE SUBLIMATION PRINTING

- Textile silk-screen printing is identical to the optimum silk-screen printing process for textile printing.

## DIGITAL UV

- UV printing, which dries quickly thanks to the emission of ultraviolet light, is very appealing because it allows printing in various colors, quickly and with high quality.

## PROMOTIONAL SUBLIMATION

- Sublimation allows you to print images on concave surfaces, producing very defined results. This technique is resistant to extreme temperatures whether hot and cold.

## SIGNAGES

- 3D Signage is the design or use of signs and symbols to communicate a message. A signage also means signs collectively or being considered as a group.
